

## **Belsay School Commitment Plan (2024-25)**

**At Belsay Primary School we are committed to continual improvement.**

**Following frank and honest self-evaluation we have identified four aspects that we feel are essential to our future growth as a school.**

**Strategic priority 1**

**(Pele Trust led)**

**To introduce a culture of individual action research within each school - the purpose is to design a project to improve teaching & learning and/or improve academic outcomes.**

**Strategic priority 2**

**(school led)**

**To ensure reading has maximum impact for all learners through a systematic teaching of phonics, prosody, fluency and comprehension so that all children can read confidently by the age of 7 and if not will receive interventions to enable them to do so.**

**Strategic priority 3**

**(school led)**

**To ensure there is a broad and balanced curriculum that is contextualised for the school.**

**Strategic priority 4**

**(school led)**

**To ensure there is a rigorous Quality Assurance Schedule in place to allow the pupils to make maximum progress, maximise attendance and secure robust systems around a culture of safeguarding.**

**A more detailed action plan with key actions and milestones is in place for each key area.**
